ALTA LOMA CLUB APPOINTS GROUPS, HEARS DELLENBACH

Interesting Boy Scout Trip Vividly Described at Meeting

Fifty persons were present at the meeting of the Alta Loma Community club last night when Glenn A. Dellenbach vividly related incidents of the Boy Scout jamboree at Washington and when the club began an ambitious civic program.

In addition to providing an organization for civic improvements and community welfare, the club will serve as a clearing house for all community activities, it was revealed in the appointment of committees and in announcement of plans. President Arthur Allen presided.

One of the greatest thrills at the jamboree for Mr. Dellenbach and for the Scouts came in seeing the original declaration of independence and the United States constitution, he related. Each of the 27,000 Scouts who were in Washington, D. C., have a greater appreciation for the government and of what the republic offers, he said.

"Each Scout was given an opportunity to see the buildings and the activities that interested him most," he continued, "and it was quite a revelation to learn how many of them want to be politicians. They were keenly interested in the senate and house of representatives, the congressional library and the workings of the government."

Mr. Dellenbach reported that the Boy Scouts' behavior was perfect. The Scouts rigidly obeyed all rules in the government buildings and at no time caused any trouble.

It was quite a task to plan for the housing and feeding of the thousands of Scouts, but the U. S. army had expertly arranged camp sites and directed the food preparation and serving, he said.

He interestingly told in detail the Scouts' trip through the Carlsbad caverns, to New Orleans, through the historic southern states and on to Washington. From the nation's capital they went to New York, to Niagara Falls, Detroit, Colorado Springs, the Grand Canyon and home.

Committees were appointed as follows:

Membership — Ed Hogancamp, N. S. Breese and Cyril Monkman.

Community projects — G. A. Billings, Val Cherbak and Nelson Van Fleet.

Sick and Flowers — Francis Wagner, Ray Lawyer and Paul Helmer.

Social—H. T. Blake, John McKee and Harry Wright.

Asked to arrange the program for the next meeting were Leslie Foster, John McKee and Joe Crick. Last night's meeting, held outdoors in the rear of the community club rooms, was arranged by B. H. Wilson, Ernest Hall and Mr. Dellenbach. A barbecued dinner was served under the direction of Lockie Hill.

The community projects committee was instructed to make arrangements for a dump yard rather than to allow discarded cans to be placed anywhere.

31 Cars Oranges, 38 Cars Lemons in Week's Shipments

Lemons and Valencia oranges formed the major part of the citrus shipments from this district last week. Total of 74 cars of citrus fruit was shipped during the week, including 31 cars of Valencias, 38 cars of lemons and five cars of grapefruit.

Total shipments for the season so far: 1,351 cars Navel oranges; 301 cars of Valencia oranges; 14 cars of miscellaneous varieties; 1,138 cars of lemons and 38 cars of grapefruit. This makes a total shipment of 2,842 carloads.

Watch Chains Taken, Roper Tells Police

R. S. Roper, 287 Second Second avenue, reported to Upland police that when he returned home from a vacation he discovered his residence had been entered.

He listed the following as having been stolen: a yellow gold watch chain, a white gold chain, a short belt chain, pliers and a thermometer.

Very Brief Interviews

Gas Credit Cards

Clifford Brainerd, who operates the service station at Foothill boulevard and Second avenue, said that frequently over the weekend half of his gasoline sales are to persons with credit cards.

"Such sales are usually for a tank full of gas and they mount up," he said. "I believe many of the persons with cards are salesmen of Los Angeles. Of course, some are tourists. We get some cards every day but over the weekend or on holidays the credit card sales are a big item."

S. A. Park

H. F. Rice, who operates the community store in San Antonio park, wishes the city would clear the park of weeds. "I do what I can to keep weeds away from the front of the park and around the store," he explained. "Every day families come here for picnics and outings. The wading pool is a 'life saver' for the kids. For some reason there were only half a dozen picnic parties on July Fourth. Usually there are many of them. Lots of people use the park, however."

Traveling Boy Scouts

Glenn Dellenbach, who accompanied Boy Scouts on their jamboree trip to Washington, said he was "sold on scouting before the trip, but I am more sold now than ever. We had no disciplinary trouble whatever. Even Congressmen noted how well the boys acted. In the house of representatives a member praised the scouts and said that the representatives should be ashamed of themselves for the way they frequently acted in handling the government's business."

Watches Fruit Grow

Herman Cordes—"I watch citrus fruit grow, and the new crop looks good."

HOSPITAL TAX CUT BY COUNTY BOARD

Non-Profit Institutions Get 75 Per Cent Reduction in Assessment

Assessed valuation of San Antonio Community hospital was reduced yesterday by the county board of equalization just prior to the board's final adjournment. It is an annual procedure to reduce the assessment on the local hospital and on non-profit or charitable organizations throughout the county. A 75 per cent reduction was made on the local hospital, the Ontario Salvation Army building and the Ontario Rescue Mission property.

Unofficial assessed valuation for Upland city is $4,615,670. The Upland school district outside the city has an assessed valuation of $607,390. Camp Baldy school district is assessed at $35,170.

Addition of these figures makes a total of $5,258,230 as the valuation of the Upland township.

The county assessed valuation is $99,052,520, which is $1,813,360 higher than last year's valuation.

Valuations in the outlying communities by school districts follow:

Alta Loma $1,355,470, an increase of about $1,000; Central, Cucamonga, $994,710, a decrease of $5,860; Cucamonga, south, $1,420,470, and increase of about $50,000, and Etiwanda, $1,395,110, a decrease of about $60,000.

Well Being Drilled By Alta Loma Co.

A new well is being drilled by the recently formed Banyan Heights Water Co. at Nineteenth street and Sapphire avenue. The well will serve the new citrus development in that region.

Huber Kalbach is president of the company, J. F. Grass, Jr., is vice-president and Allan S. Barr is secretary-treasurer. E. C. Dahlem and E. H. Mathis are directors along with the officers.

Lemon Growers Assn. Employes Will Meet

Through some misunderstanding The News last Friday stated the meeting of the Upland Lemon Growers Employes Assn. would be held at the American Legion club house this evening.

Clarence Farrin, president of the organization, informs us the meeting will be held at 443 East Ninth street this evening at 8 o'clock.

THREE FIRES BURN ETIWANDA HOUSE, BARN AND BRUSH

Mike Schiro Home, Franklin Chaffee Building Left In Ruins

One house and a barn are in ruins and a four-acre brush fire in Etiwanda is out as the result of three fires in that community over the week end.

The residence of Mr. and Mrs. Mike Schiro, Etiwanda avenue, was destroyed by flames Saturday night. The family had gone to the beach for a week end holiday and the fire was not discovered until it had gained too much headway for firemen to check it. The house and its contents are a complete loss. The family was notified and they returned homeless to Etiwanda.

A barn on the 10-acre citrus grove owned by Franklin Chaffee was also burned in a fire Sunday. Brush adjacent to Etiwanda avenue caught on fire and the flames spread to the barn. Firemen from the state division of forestry at Alta Loma kept the fire from spreading to other property. Mr. Chaffee resides on West Eighth street, Upland.

The third fire in that community cleared brush from four acres of land and it might have caused considerable damage had it not been for the work of the state firemen. Property adjacent to the Charles Donnelly home on Victoria avenue was burned but the fires did not get into any citrus groves or vineyards.

Cause of the fires is unknown and there is believed to be no connection between them.

LEGION AUXILIARY WILL CAUCUS HERE

Pre-Convention Meeting Will Be Conducted by Units Of District

Called by Mrs. Thos. E. Howarton of Upland, district president, the annual meeting and pre-convention caucus of the Twenty-fifth district of the American legion Auxiliary will be held in Upland on Tuesday, July 27, in the Masonic hall, beginning at 10 a.m.

Annual election of district officers will be held and annual reports will be made.

A caucus on department affairs will be held and preparations made for participation in the coming department convention.

A large number of delegates and other members of units throughout the district will come to Upland for the annual gathering.

Mrs. Howarton will preside during the meeting.

ARROW ROUTE IS OBJECT OF STUDY

Change in Claremont May Result in Change in Traffic Here

Tentative surveys are being made south of Claremont relative to changing route of Arrow highway.

Los Angeles county engineers are seeking to determine the best route for the highway in avoiding the Pomona college campus and the Claremont business district.

Indications point to establishment of the route south of Claremont over what is known here as Eighth street. If this change is made either Ninth or Tenth streets in Upland can be used as Arrow highway.

No effort is being made here to get Arrow highway changed from its present route, although the change at Claremont may result in Ninth street being used more generally as the local link in the highway.

Claremont residents recently objected to development of Arrow highway through the Pomona college campus and county officials were asked to study a possible change in the route.

When decision has been reached as to the possible route in Claremont, the thoroughfares will be improved.

Start of Fire Is Described

With improvement in her condition, Mrs. Alma Olson was able today to tell incidents about the start of the fire at the Magnolia apartments, which threatened Upland early Friday morning. She was awakened about the time the fire started on the rear porch. Her apartment is adjacent to the porch. After arousing others in the apartment building, of which she was manager, Mrs. Olson collapsed from nervous shock. She is now regaining strength at the home of her daughter, Mrs. Harland Horak.

Concerning the fire, Mrs. Olson rushed to the window with a pan of water, trying to put out the flames that were just starting on the bed on the rear porch. She threw two pans of water through the open window on to the fire, but the flames quickly jumped to the canvas window curtain and then spread.

J. E. Howell had occupied the back porch bed, he calling at the apartments about 9 o'clock Thursday night, explaining he had been visiting friends and that at midnight he was going to go with a truckman to Arizona. He wanted a bed only a short time.

Mrs. Olson awakened about the time it is believed that Mr. Howell left the apartments. Since the fire was first noted burning the bed occupied by Mr. Howell it is unofficially assumed that the fire might have been started accidentally when Mr. Howell smoked.

Chief of Police Ernest C. Mehl said he would appreciate any information Mr. Howell's friends could give him.

"We would like to question him to learn if he had smoked while on the porch," he said. "In all probability Mr. Howell left the buildng and the town without knowing any fire occurred here."

The fire-damaged apartments will be immediately repaired. Workmen were busy today in preliminary tasks and building plans for repairing the structure are being prepared. J. B. Ford, owner of the structure, has conferred with Mrs. Olson relative to the building activity.

Incidents concerning the start of the fire could not be learned until Mrs. Olson had recovered sufficiently.

Army Training Is Ahead of Comapny G

Practical training in war time maneuvers will feature the life of Company G members when they go to the annual encampment at San Luis Obispo July 31. National guard members throuhout Californai will concentrate at that point for 13 days of intensive drilling. A three-day tactical problem in which regulars and guardsmen will play the part of opposing armies will be the chief exercise.

Use of ammunition has been kept at a minimum in the program but soldiers at San Luis Obispo expect to fire nearly 120,000 rounds of blank rifle ammunition and more than 225,000 rounds of machine gun cartridges. Aircraft will use signal flares, position lights and white and red star parachutes.

75 Boxes Lemons Stolen from Grove

Approximately seventy-five boxes of lemons were stolen from the Ross C. Parsons grove on Turner avenue in Cucamonga recently, the rancher discovered when he inspected his property this week. The loss amounts to nearly $600.

Exact time the fruit was stolen is not known, but residents in his district reported having seen a strange yellow truck recently and officials believed the driver of that machine might have been the thief.

Foothill Widening Work To Start Soon

Actual work is expected to be started soon in the addition of a fourth lane on Foothill boulevard. Portions of the right-of-way east of here are being cleared, although along most of the route the right-of-way is all ready.

The United Concrete Pipe Co. will widen the pavement from the Los Angeles county line to San Bernardino at a cost of $369,453. The Commercial Rock Co. has contract for supplying rock and gravel.

PARALYSIS CASES REPORTED HERE AS TWO YOUTHS SICK

Mild Attacks of Disease at F. K. Goodban, Glen Williams Homes

While there is no need for general alarm or fear, there are two cases of infantile paralysis in Upland, it was learned today from Dr. Robert I. Hodgin, deputy county health officer.

Maurice Goodban, son of Mr. and Mrs. Frank K. Goodban, and Paul Williams, son of Mr. and Mrs. Glenn R. Williams, are ill with the ailment. Their cases, however, are mild.

The Goodban youth has been ill for several weeks and it is reported his condition is more serious than the Williams boy. At the Williams home, it was reported that there is only a slight paralysis in the youth's throat.

Dr. Hodgin cautioned against the general public becoming unduly concerned over the situation and explained that infantile paralysis cases in this district are usually very mild. As a preventative, however, he suggested that parents keep their children out of crowds as much as possible. If children have sore throats or fever without any apparent cause, Dr. Hodgin suggested that parents immediately have the family physician make an examination.

Open House Will Be Held on Friday at Charles Engle Home

Mr. and Mrs. Charles Engle, missionaries recently returned from India, will hold open house at their home, 640 Third avenue, Friday afternoon from 2 to 5 o'clock and in the evening from 6:30 to 9.

They brought with them from India a great many interesting articles, too many to be shown at a church meeting, and they are taking this way of making an opportunity for all interested persons to call and see the curios, many of which have interesting stories that Mr. and Mrs. Engle will tell.

The public is cordially invited to attend the reception.

Flood Control Bill Passed in Washington

Additional flood control projects in this district appeared as a possibility today with the approval by the House of Representatives at Washington of a $24,877,000 emergency flood control bill. The measure was sent to the Senate.

The measure provides for preliminary surveys in various canyons, including Cucamonga creek, San Antonio creek, Deer creek and Lytle creek.

A vast flood control program embracing all points in the county is being sponsored by a county committee. Approval of the measure by Congress will result in further development of the program.

Freddie Gore Wins Fine New Bicycle

Freddie Gore, young son of Mr. and Mrs. V. R. Gore of 454 Eighth avenue, is the owner of a fine new bicycle, as the reward of his industry in bringing in repair work to the La Grande shoe repair shop, operated by L. H. Cortright on East Ninth street.

Six weeks ago Mr. Cortright offered the bicycle to the boy who secured the greatest number of points, or votes, by bringing in repair work or selling the Mexican guarachos made in the shop.

A number of boys were in the contest and Freddie counts himself very fortunate in winning the bicycle, which was presented to him, fully equipped, at the close of the contest Friday evening.

Mrs. Emily J. Austin and dauhters, the Misses Stephanie and Cecile, have returned from a pleasant vacation during which they motored over the beautiful new coast highway. At Santa Barbara Cecile remained as a guest of Mrs. Eleanor Wilson McAdoo and her daughter, Miss Faith McAdoo, daughter of Sen. Wm. Gibbs McAdoo. Mrs. Austin and Stephanie continued their motor tour along the coast, stopping at Monterey, San Jose and other interestin gplaces.

Four $350 Checks Given Groups In "Gift" Shower

Placing Windbreaks In District Will Be Discussed Tonight

This district is expected to be well represented at a meeting in Fontana tonight when plans will be outlined for the placing of windbreak trees throughout the district.

Much of the work will be done by federal employes and CCC camp members. Property owners, however, must signify an intention to cooperate. Purpose of the meeting is to obtain an expression of property owners. The meeting will be held in the Fontana grammar school at 7:30 o'clock.

Orchard Heaters to Be Shown Thursday

Special attention of citrus growers is called today to the orchard heater exhibition to be held Thursday afternoon. Heaters of various types, including those with new features, will be in operation at the Liberty Groves Operating corporation.

The exhibition and demonstration will begin at 1:30 p. m. It is under the direction of the citrus department of the California Farm Bureau.

EUCLID WIDENING IS BEING PLANNED

Ontario to Extend Drives to 50-Foot Width for Angle Parking

Euclid avenue in Ontario is going to be widened from C street for several blocks north to permit angle parking, according to action taken at the Ontario city council meeting last night. Each side of the driveway is to be made 50 feet wide. An ordinance, given first reading, specifies angle parking. A state law, effective next month, permits that type of parking only when a thoroughfare is 50 feet wide.

Concerning a proposed change in Ontario's zone law, a public hearing was set for Aug. 26.

Salary of the city clerk will be $200 a month and of the city treasurer will be $125 a month in 1940. An ordinance was given first reading looking to change in the salary schedule of the elective officers with the beginning of a new term.

Miss Jewell Cherry, niece of L. O. Bowman, arrived Saturday from her home in Tolar, Tex., for a visit with Mr. and Mrs. Bowman at their home, 604 Third avenue. Miss Cherry, a teacher in the Tolar schools, will remain here for several weeks and a number of pleasure trips will be made during her visit.

LIBERTY GROVES AUDITOR TALKS

Stearns Ingalls Relates Interesting Things About Accounting Profession

While it seems to be the general opinion that accounting is something new, said Stearns Ingalls, accountant for Liberty Groves Operating Corporation of Upland, in a talk to the Upland Rotary club today noon, such is not the case. In fact, he gave instances that prove some kind of accounting was in existence at least 2000 or 3000 years before the Christian era. True, it was not as comprehensive in those days as now—and in noting the serious problem accounting is now becoming to business concerns he stated that his full time last week was required in making out 16 reports for Liberty Groves.

Mr. Ingalls' remarks about Liberty Groves Operating Corporation were also most interesting—that organization being the only one of its kind known to be in existence. As is well known, it was formed by the late T. R. Woodbridge, who was its general manager until the time of his death. The monthly pay roll of the organization, said Mr. Ingalls, is now about $3500 and the monthly business about $10,000. There are 61 members, 35 men are employed and the organization operates about 800 acres of citrus property.

R. G. Manley was program chairman at today's meeting and presented the speaker. Announcement was made that C. E. Grier of Upland, chairman of the San Bernardino county board of supervisors, will be the speaker at the meeting next Tuesday, and it is hoped each member will take a guest to the meeting.

Preliminary Work On New Office for O-K Is Under Way

Preliminary work has been started in construction of the new building for the Ontario-Cucamonga Fruit exchange. The building, occupying the northeast corner of A street and Second avenue, will be rushed to completion.

Contract for the structure was let recently to Whyte & McGinnis, Alhambra contractors.

$1,000 Loot Taken From Parsons Home

Loot valued at more than $1,000 was taken from the Ross C. Parsons home on North Turner avenue, Cucamonga, Friday, but only minor clues were left for police to get a start in tracing the thief.

Valuables taken included a fur coat, a fur neckpiece, several watches, rings, bracelets and other jewelry. The burglary was committed during the day when no one was at home. Entrance was made by cutting a hole in the window screen. The intruder was barefooted and his imprints in the dirt near the window are the only clue.

SEWING PROJECT TO BE CONTINUED

County Allots $60,000 for WPA Work Here, Elsewhere in District

Continuation of the WPA sewing project in Upland is assured today for at least another year, the county board of supervisors having yesterday alloted $60,000 for this and nine other similar projects in the county. For every $5 spent by the county in sponsoring the project, $58 will be paid in salaries by the federal government. In addition 26,000 garments will be given the county for distribution to indigents. Value of each month's garment output is placed at $25,000 by C. E. Grier, chairman of the county board of supervisors.

In the Upland project 22 persons are employed. Dresses, underwear, and sleeping garments for women and children, pajamas for men, towels, bed quilts and comforters and knitted sweaters are among the articles made. Mrs. Agnes Stout is the local supervisor. The materials are purchased through the WPA headquarters in San Bernardino. The WPA-made garments are distributed only to those on direct relief.

77 Year Old Woman Suffers Hip Injury

Mrs. Clara McCann, Ontario, is in a serious condition at the San Antonio Community hospital, suffering with a hip fracture. She is 77 years of age and due to her advanced years concern is being shown.

She fell from the rear steps at the home of her daughter, Mrs. A. L. Hamilton, 804 East E street, Friday. She is also the mother of Arthur McCann, Etiwanda, and Mrs. John Mansfield, Ontario.

She was placed in a cast and she will be given special attention until her condition improves.

Young People Plan Ice Cream Social

Sponsored by the young people of the Methodist church, an ice cream social will be held in the patio of the church on the evening of Friday, July 30, for the purpose or raising funds for the annual summer institute.

Beginning at 7:30, a musical program will be presented and ice cream and cake will be served during the social evening.

FUND LEFT YEARS AGO BY COMMUNITY PLAYERS DIVIDED

Woman's Clubs in Upland and Ontario Included As Benefactors

Four checks, each for $350, were presented Saturday to four West End organizations in what might be described as one of the biggest and most unexpected "gift showers" ever occurring here.

The beneficiaries are the Upland Woman's club, the Ontario Woman's club, the Chaffey Community Girls Organizations and the Ontario Y. M. C. A.

The donors of the splendid gifts are the members of the board of directors serving the Community Players, a little theatre group that flourished in the early '20's, when that organization disbanded a number of years ago. These directors are J. M. Macrae, Mrs. J. Awdry Armstrong, Leonard J. Frankish and E. F. Stroh.

The money is a fund of some $800 the Community Players earned with their various productions, plus the interest accruing through wise investment during the 10 or 12 years since the final appearance of the local talent.

For some time the directors, who continued to function as trustees of the fund, had been discussing suggestions for the final disposition of the money, and after careful consideration of the various organizations in the West End and the community wide benefits of their work, the four previously named organizations were selected.

The only provision accompanying the munificent gifts was that the money either be applied to mortgages, if such exist, or to improvement and expansion of facilities and activities, and not in any way to operation costs.

Mrs. Ray R. Sherwood, president of the Upland Woman's club, who was surprised to the point of bewilderment when Mr. Macrea called at her home Saturday and presented the check for $350, stated there is no doubt as to how her board of directors will expend the money.

There is an indebtedness against the handsome club house, which has become the pride of the entire community, and the club women have been working industriously to pay off the mortgage. The gift fund, Mrs. Sherwood stated, without doubt will be used to decrease the debt.

Mrs. Herschel R. Griffin, president of the Ontario Woman's club, has been out of town and only this morning learned of the gift. While expressing her delight, she hesitated to suggest any use for the money until conferring with others. The club has been discussing plans for improving the club house and that project very probably will be taken up.

Mrs. Earl H. Johnson, president of the Chaffey Community Girls Organizations, is vacationing at Laguna and no statement could be secured from her, but it is believed the money will be used to improve Camp Conifer and expand the girls activities.

Ben H. Schmidt, secretary of the Y. M. C. A., also is out of town. It is understood the "Y" has been considering plans to establish a camp in the mountains and the gift very likely will be used for that purpose.

Newspaper Men to Meet at Riverside

The Upland News will be represented at a meeting of newspaper publishers in Riverside Saturday night. Newspapermen in San Bernardino and Riverside counties are organized as one unit of the California Newspaper Publishers association and the Riverside meeting will bring the unit members together.

Harry W. Hammond, publisher of the Riverside Press and Enterprise, and Mrs. Hammond will be hosts at their home.

Boy Scouts Foster World Peace

The Boy Scouts of America closed their annual jamboree in Washington a few days ago. It was a great gathering of the outstanding boys and young men of the country. A boy fulfilling the ethics of a Scout does not go wrong in any respect—he becomes a citizen of whom his country is proud. Not only are the Boy Scouts organized in our country, but the organization is international and is functioning just as efficiently in many other countries. Each year they meet in their international gatherings—and each year in a different country. Boy Scouts are peace loving youth—and they are cementing a friendship among the youth of the world that will undoubtedly mean much for world peace in the future.

Scouts play their part in civic service also and wherever they are organized they mean much to their individual communities. Here in Upland the high standing of the Boy Scout is well known, as is also his willingness at all times to do whatever services he is called upon to do.

We quote the following from the Christian Science Monitor:

"'What we want in the world is peace, happiness and prosperity for all, and we can get it if all men become friends instead of rivals. It means that each man has got to open his heart out unselfishly in friendliness to others.'

"The voice was that of Lord Baden-Powell radiocasting from London his message to the Jamboree which the Boy Scouts of America have just ended in Washington. Next month Lord Baden-Powell as Chief Scout will be welcoming to Holland the Scouts who will come from all over the world to the International Jamboree. The far-flung tent city in Washington's Potomac park also had its international aspects, for representatives from Poland, Roumania, Holland, Mexico and many other countries mingled with the 27,000 yougsters and leaders there.

"All this gives point and proof to the fourth Scout law, 'A Scout is friendly.' A Boy Scout is 'a friend to all and a brother to every other scout.' More than 3,000,000 Boy Scouts in seventy-three different lands subscribe to this and the other elements of the Scout law requiring truthworthiness, loyalty, helpfulness, courtesy, kindness, obedience, cheerfulness, thrift, courage, cleanness and reverence.

"These boys are learning how to live, and not only to let live but to help live. This organization is not military nor militant, yet it inculcates the best of the military virtues, order, self-reliance, and true patriotism. It does not regiment helpless, trusting boyhood into cannon fodder, but gives play to boyish initiative in ways that are constructive and useful.

"The boy who has learned to do his part in camp, to take care of himself on a hike, to meet emergencies with resourcefulness and to fulfill the merit badge tests in a number of handicrafts has laid a foundation for citizenship.

"Is it to be doubted that these boys are learning the wider meanings of brotherhood? Theirs is a movement open to all nationalities, races and creeds. An Eagle Scout whose letter won a $5,000 peace scholarship offered by Eddie Cantor related that since attending the 1933 Jamboree in Hungary he had been corresponding with Scouts he met from Estonia, Luxembourg, England, Austria, Persia, Syria, South Africa and Australia, exchanging stamps, songs, literature and articles characteristic of their countries. 'After these contacts,' he asked, 'how could we ever want to go to war against each other?' ".

More Than Half Of All Families Own Autos

It is impossible to realize what the automobile means to the people of America—and to the country in an industrial way. Fifty-four per cent of the families in the United States own automobiles—and the average ownership is a car for every four and a half persons. The bulk of the car owners are persons in the smaller income brackets—families whose annual income is less than $3,000.

As evidence that the low price field has the biggest appeal, it is said that 95 per cent of the cars bought in 1936 sold for less than $750 wholesale—and six out of ten families bought their cars on the installment plan.

With its car ownership of one to every 4.5 persons this country leads the world in this respect. In one country—Liberia—there is only one car for each 20,000 inhabitants. In California, which state leads this nation in car ownership, there is an automobile for each 2.6 persons. Persons who are in the habit of kicking about "hard times" should compare their lot with the people of other countries.

One cannot but wonder what would be the condition in this country if it were not for the automobile. What would all the residents engaged in work at making automobiles—and in all the allied lines that produce things which go into the making of an autmobile—be doing if it were not for the automobile industry? Take lubricating oil for instance—it will no doubt astonish most of us to learn that automobiles now use more of that commodity than all industrial machinery in the United States. Last year motor cars and trucks used 22,000,000 barrels of such oil, while industry consumed slightly more than 20,000,000 barrels. Glass, steel, wood, rubber and a number of other commodities are used in immense quantities by the automobile industry.

The automobile is also responsible for many thousands of paved and surfaced roads in the United States—with many millions of dollars spent each year for new roads and for maintenance of old highways. If it were not for the millions of motor vehicles it would not now be possible to cross the country on surfaced roads—nor would such roads be regarded as a necessity if the automobile had not come into existence and be used by so many millions of people.

In these things and a number of others the automobile has been the cause of great change—in fact, it has changed our mode of living.

Demise of the Literary Digest should be a warning to those periodicals bent on taking presidential polls. Whether intentionally or not, the last poll by that magazine—which was so far off the actual vote in the election as to be astonishing after having been so close in previous presidential polls—sent the Literary Digest into oblivion. The Monterey Park Progress comments on the matter as follows: "The presidential poll of 1936 heard its echo last week when the Literary Digest disappeared from the news stands of America. The weekly magazine died quietly at Park Row, New York, after a lingering illness superinduced by too much prognostication. It fell ill on the morning of November 9, of last year, and has gradually been sinking since. Poor circulation was attributed as the ultimate cause of demise. Its heart beat was out of time with the general trend of things, and that organ finally failed altogether to function. Review of Reviews claimed the remains and it will be entered in its morgue as a dire warning to other publications who try to fool all the people once too often."

Notes of Society

G. T. Club Celebrates Its Twenty-fifth Birthday

The twenty-fifth aniversary of the organization of the G. T. Embroidery club was celebrated in delightful fashion Sunday, when the members held a family picnic at Glen ranch in Lytle Creek canyon.

The weather in the canyon was perfect and the picnickers selected a beautiful spot beneath the large shade trees for their party. A bountiful picnic dinner was spread at the noon hour, a large handsomely decorated birthday cake bearing 25 candles being given the place of honor.

The dinner was followed by a very enjoyable social afternoon.

Six charter members of the club were present for the celebration, they being Mrs. W. H. Spicer, Mrs. C E. Roberts, Mrs. B. H. Spicer, Mrs. Isabelle Wisely, Mrs. R. E. Van Ness and Mrs. N. I. Hamer.

The next meeting of the club will be the annual August picnic to be held on Sunday, Aug. 15, at the home of Mr. and Mrs. Roy Wisely in Bear canyon, the husbands and families being guests.

Attending the birthday picnic Sunday were Mr. and Mrs. B. H. Spicer and Mrs. N. I. Hamer and granddaughter, Peggy Ray Sorensen, of Pomona; Mrs. B. A. Miss McNaul Tells of Her Engagement to Robert Gemmel

A betrothal announcement that is interesting to many friends in the Chaffey district was made at a luncheon given Saturday by Mrs. T. P. McNaul, 1205 West Eighth street, Upland, when she revealed the engagement of her daughter, Miss Carolyn McNaul, to Robert Gemmel, son of Mr. and Mrs. Alexander R. Gemmel of 1022 North Euclid avenue, Ontario.

The guests were entertained at Hostess House in Ontario, where a delightfully arranged luncheon was served, the table being attractively decorated in a color motif of green and white.

Announcement of the engagement was inscribed on small scrolls concealed in corsages of sweet peas that served as favors at each place. No definite date for the wedding was announced, but it probably will occur in the late autumn.

Miss McNaul received her education at Claremont high school and Chaffey junior college and at the University of Oregon and the University of California at Berkeley, attending for one year at each university.

Mr. Gemmel attended both Chaffey high school and junior college and for two years was a student at the University of California at Berkeley. He is now employed at Armstrong nurseries.

Attending the luncheon were Miss McNaul, Mrs. Alexander R. Gemmel, Miss Thoress King, Miss Kathleen McConnell, Mirs Helen Frampton, Miss Florence Hinchcliff, Miss Dorothy Stults, Mrs. Robert Snider and Mrs. McNaul.

Birthday Party Given At Stickney Home

J. A. Betz of 506 Eighth avenue was the honor guest at a merry party Friday evening, when Mr. and Mrs. Harold J. Stickney entertained informally at their home on Terrace drive, San Antonio Heights, the occasion being the celebration of Mr. Betz's birthday anniversary.

A picnic dinner on the lawn was enjoyed and some time was spent playing croquet.

Present for the picnic party were Mr. and Mrs. J. A. Betz, Mr. and Mrs. H. L. McLellan, Mr. and Mrs. Edgar Pierce, Mr. and Mrs. Stickney, and their families.

William B. Hutton, Jr. Claims Bride in San Bernardino

One of the most beautifully appointed weddings occurring in San Bernardino this summer, an event of much interest to many West End friends of the bridegroom, was solemnized in the First Presbyterian church in San Bernardino at 8:30 last evening, when William Bryan Hutton of Los Angeles, son of Mr. and Mrs. Wm. B. Hutton of 891 Hermosa avenue, Alta Loma, claimed as his bride, Miss Kathryn Roberta Dickson, daughter of Mrs. James F. Dickson of 687 Fourth street, San Bernardino.

With the color motif of green and white being uitlized, a garden scene provided a lovely setting for the ceremony, giant mountain ferns, bamboo and ivy, with clusters of white flowers and tall white cathedral candles completing the garden that extended entirely across the front of the chancel and the choir loft.

The music was provided by Miss Elizabeth Leonard, organist, who played "Evening Star," "Ave Maria" and "Liebestraum," as a preceremony group. For the processional she played the "Bridal Chorus" from "Lohengrin" and the recessional was Mendelssohn's "Wedding March."

The bride wore a handsome princess gown of white net lace and her long veil, a valued heirloom brought from India, was held with a band of orange blossoms. She was escorted to the altar by her brother-in-law, John F. Baumgaertner of Los Angeles, and her mother gave her in marriage.

The bride's sister, Mrs. Baumgaertner, served as matron of honor, wearing turquoise organza, and the bridesmaids were Miss Mabelle Hutton of Alta Loma, sister of the bridegroom; Miss Marion Wolff of San Bernardino, and Mrs. J. S. Fritz of North Hollywood, the three wearing apricot colored organza.

The bridegroom was attended by Stanley Van Fleet of Cucamonga as best man, and the ushers were Nathaniel Van de Verg of Los Angeles, Ludlow Shonnard, Jr., of Los Angeles, and William Loch of Upland.

The double ring marriage service was read by the Rev. Otis D. Ironmunger, pastor of the church.

A brilliant reception followed the wedding, with a collation being served from tables elaborately decorated with blue water lilies and other pink and white blossoms.

Presiding at the tables were Mrs. John Andreson, Mrs. W. O. Blanchard, Mrs. Everett Swing, Mrs. Jesse Curtis, Jr., Mrs. John Surr, Mrs. Brown Wiggett, Miss Mary Norton, the latter of Upland, and Miss Henrietta Johns of Ontario.

Mr. and Mrs. Hutton are making a motor trip down the south coast and upon their return will be at home at 21 north Electric avenue, Alhambra.

The bride, who has taught in the San Bernardino schools, is a graduate of the San Bernardino high school, studied two years at U. C. L. A. and graduated from the University of California at Berkeley. She is a member of Delta Delta Delta sorority.

Mr. Hutton is the grandson of the late Judge A. W. Hutton of Santa Monica and his maternal grandfather is Leonidas Luther of Denver, Colo., who came west for the wedding. He is a native of Los Angeles, his family having long been prominent residents of that city, and he is a graduate of Chaffey high school and junior college and of the University of Southern California at Los Angeles, where he became a member of Sigma Nu. He now has a responsible position as department manager at Bullock's in Los Angeles.

Attending the wedding from Upland were Mr. and Mrs. R. C. Norton and Miss Mary Norton, Mrs. Blanche M. Loch and William Loch, Mr. and Mrs. Harold Zenz, Mr. and Mrs. E. C. Rosenberger and Dorothy and Blythe, and Miss Henrietta Johns, the latter of Ontario.

Miss Wilma Carr Is Laid to Rest Today After Long Illness

Funeral service for Miss Wilma Carr, who passed away at 3 o'clock Sunday afternoon, was held at 10 o'clock this morning at the Draper chapel in Upland, with a large number of friends in attendance.

Miss Carr, who had lived in Upland with her parents, Mr. and Mrs. Wm. A. Carr of 62 West Arrow highway, for the past 13 years, was a native of Iowa and had taught school in Arizona before coming to Upland. She was 39 years old and had been ill for several years, but her illness served only to increase the beauty of her character and her friends found inspiration in her life.

Besides her parents, she is survived by two sisters, Mrs. Paul Groomer of Pasadena and Mrs. George Gray of Long Beach.

The funeral service was conducted by the Rev. Arthur F. Ritchey, pastor of the Ontario First Christian church, of which Miss Carr was a member. The music was provided by Mrs. Princess Long, who sang "Beautiful Isle of Somewhere" and "Safe in the Arms of Jesus." A profusion of beautiful flowers were brought by her friends as an expression of their esteem.

Pallbearers were Paul Groomer, George Gray, Earl Tuttle, C. O. Mayberry, Ned Thudium and Newman Draper. Interment took place in Bellevue cemetery.

Funeral Rites for James Miller, Past Camp Commander

James L. Miller, past commander of Alois Podrasnik camp, Sons of Union Veterans, passed away Saturday at his home, 748 East A street, Ontario, following an illness suffered last April.

Mr. Miller was 47 years old and had lived in Ontario for 18 years. He was a native of Tennessee.

Funeral service was held this afternoon at 2:30 at the Draper chapel in Ontario, with the Rev. Arthur F. Ritchey, pastor of the First Christian church of which Mr. Miller was a member, officiating. Interment was made in Bellevue cemetery with a military burial service being held by Company G, 185th Infantry of the National Guard, of which he was a member.

Mr. Miller leaves his wife and three daughters, Grace, Nellie and Edith, and a son, Jimmie, all at home.

Tourist Facts

Eigty-seven per cent of the new homes built in southern California last year were constructed by former tourists, an All-Year club survey shows.

Los Angeles is two cities in one. Each year its permanent population of a million and a half persons is duplicated by the same number of tourists from other states.

Catering to tourists is southern California's second largest industry, topped only by oil and followed in order by citrus raising and motion picture production. Last year visitors here spent $188,000,000 earned elsewhere.

34 LEGIONNAIRES ANSWER TO CALL

Mobilization Sunday Morning Brings Together Many In Local Post

That an emergency existed in Upland was the general belief of many people who interestedly awaited developments following the four sharp, loud blasts of the Upland fire whistle Sunday morning.

Members of the Upland post of the American Legion acted like there was an emergency. None existed here, however, but 34 of the ex-soldiers responded. Annually the California American Legion sponsors a mobilization to determine the possible man power available in time of emergency.

With H. L. McLellan, chairman of the post's disaster relief committee, tentative plans had been made for the local mobilization. In addition to 34 Legion men responding, there were also 12 members of the Legion auxiliary, four Boy Scouts and three other persons.

State Legion officials had announced that the mobilization call would come either on July 18 or 25. No local person knew when the call would be ordered. Four blasts from the fire whistle is the local call for the mobilization and more than 50 persons responded.

Francis Rogers, adjutant of the local post, has reported to state Legion headquarters relative to the number.

In Ontario, 49 Legion members, 13 Auxiliary members, eight Boy Scouts, nine members of the Ontario squadron, Sons of the tario squadron, Sons of the American Legion, and five first aid workers responded to the mobilization call.

Of what brass is composed?

Why we measure diamonds in carats?

Which is the softest of all precious stones?

How kites got the name?

Answers

Alloy of copper and zinc, usually two parts copper, one part zinc, with sometimes a little lead.

In ancient times the seeds of the African carob tree were used as weights in weighing diamonds. Carat is from the word carob.

The emerald, which is also the most precious.

From a bird called the Kite which can hover or float in the air without apparently using its wings.

Members of Local Orchestra Attend Meeting in Downey

Members of the young people's orchestra of the Upland Methodist church joined those of the Pacific Electric Railway Co. orchestra in a meeting held Sunday at the home of Mr. and Mrs. Howard Pratt at Downey.

The afternoon was spent in orchestra practice and a contributed dish dinner was served.

Mr. Pratt, superintendent of motive power for the Los Angeles county farm, Los Amigos, is a cellist in the Pacific Electric group. He gave his guests an interesting description of the power boat, Lady Plushbottom, he is building and hopes to launch at Newport in the spring of 1938. Members of the two orchestras were promised rides in the big boat.

Those present from Upland were Alice Rose and Ethel Jean Wilson, Eleanor Farmer, Miriam Settle, Dorothy Hall, Charles and Harold Hall, Herbert C. Hal, di-Harold Hall, Herbert C. Hall, di-Doris and Arthur Hall and their grandparents, Mr. and Mrs. A. C. Hall; Miss Marjorie Millard and Miss Harriet Young, the latter of Redondo Beach.

The Upland musicians have been invited to the home of Fire Chief Carson and Mrs. Carson in San Pedro next Saturday afternoon for a picnic and swim and an evening of practicing.

Miss Ruth Wirt, office secretary at the San Antonio Community hospital, enjoyed a visit on Saturday with her brother-in-law and sister, Mr. and Mrs. E. C. McCandlish of Salem, Ore. They are enroute to Detroit for a new automobile, stopping here for a short time to visit.

Mr. and Mrs. P. R. Zinn of Las Vegas, N. Mex., are guests of Mrs. Zinn's cousins, Mr. and Mrs. Loring N. Kirk, 429 First avenue, and tomorrow the four will motor to San Diego for a visit with an uncle. Mr. and Mrs. Zinn will be here for several days and will also visit Mr. Zinn's father in Long Beach.

On special invitation from Christian Schenk, conductor of Ridgeway tours, Mr. and Mrs. J. B. Leaman will motor to San Bernardino tonight to greet the annual tourist party and be guests at a dinner to be served at 6:45 at the Harvey house. The tourist group will not stop in Upland this year, as they have done for a number of years, but will go directly to Los Angeles to establish headquarters for the next week. Mr. Leaman, who was instrumental in first bringing the large group of tourists to Southern California, will be the guest of Mr. Schenk over Saturday, Sunday and Monday will make a trip to Catalina with the party next Monday.

Clarice Louise, baby daughter of Mr. and Mrs. Eugene Zimmerman, born at the Pomona Valley hospital on June 27, was brought to the home of her parents at 38 East Arrow highway last evening and is quite happy in her new home. Mrs. Zimmerman left the hospital two weeks ago, but because the baby, who weighed five and a half pounds, found difficulty in adjusting herself to the ways of this strange world, she was kept at the hospital. She now is getting on nicely. Mr. and Mrs. Fred Zimmerman, 685 West Twenty-first street, are the grandparents of the baby and she is the second grandchild of Jacob Stocker of Second avenue.

Beggar—Will you let me have a dime, mister?

Sailor—I haven't any change on me, but I'll give it to you when I come back this way.

Beggar: Well, all right, but you would be surprised at the money I lose giving credit this way.

MRS. MARR AGAIN TO HEAD W. C. T. U.

Local W. C. T. U. Elects Officers During Picnic Meeting In Galvin Park

Election of officers of the Woman's Christian Temperance Union and the naming of the several department directors featured the picnic meeting held Friday in Galvin park, Ontario, Mrs. Ralph H. Marr again being selected as president.

Re-elected with Mrs. Marr were Mrs. Fred Hoppe, vice-president; Mrs. J. F. Haddow, secretary, and Mrs. J. W. Bryden, treasurer. The directors named are Mrs. Harry Jenison, child welfare; Mrs. Wm. L. Keown, Christian citizenship; Mrs. Lucy Wilhoite, evangelism; Miss Flora Morley, flower mission and relief; Mrs. Anna McCoy, international peace; Mrs. C. W. Clewett, legislation and literature; Mrs. J. A. Betz, medal contests; Mrs. Edward Clauson, medical temperance; Mrs. Lewis Jenison, motion pictures; Miss Lillian J. Williams, parliamentary procedure; Mrs. E. C. Chapman, publicity; Mrs. Jay Rogers, religious education; Mrs. Wm. I. Doole, Union Signal and Young Crusader.

The meeting was preceded by a picnic luncheon, many tempting dishes being contributed by those attending.

Following the luncheon hour Mrs. Marr called the business session and several of the members responded to roll call by giving some interesting news item concerning W. C. T. U. activities.

The election of officers completed the business session.

Transients Coming Into State Gain 30 Per Cent over 1936

A total of 42,771 persons "in need of manual employment" crossed state borders into California during the period January 1 to June 15, according to a report released by the Resettlement Administration.

The total exceeds by approximately 30 per cent the comparable figure for 1936. Both totals include returning Californians who form a small percentage of the whole.

Liens Cancelled For Relief Cases

Liens on property owned by persons receiving state relief money were cancelled by the county board of supervisors yesterday. Seventeen liens were released and all of them now held by the county are scheduled to be presented to the board for cancellation.

This is in keeping with the new relief legislation. Applicants for aid will not have to sign over their property in the future. This feature was removed in the new law to simplify the procedure of relief, remove embarrassment to those eligible for aid and to provide for a more expeditious handling of the problem.

Each pensioner may receive $35 a month, of which $15 is paid by the federal government and $10 ach is from the state and county.

Library Will Give Aid in Rebinding Books, Magazines

Borowers, whether little or large, juvenile or adult, are always appreciative of attractive books. The libraries today have condemned the drab browns, dull greens, musty wine-colors of other-day rebound books to rejoice in gay reds, bright yellows, cheerful orange and cool green colors in washable fabracoid materials. An even newer trend has been achieved with picture bindings of lasting charm and delightful color combination.

The Upland library is proud of its rebound books and invites patrons to look especially for the new patterns to be found on nearly every shelf in the entire library, it is stated by Mrs. F. H. Manker, librarian.

The more popular a book is, the sooner a trip to the binder is required; thus these very books are the ones of special interest for every reader, as the story is one to be enjoyed over and over again. No longer does the borrower look for the well-thumbed copies to be sure that the book is interesting because every one has read it. The library attendants watch closely for the first sign of wear and if the book is sure to be in demand, it makes a brief trip to be rejuvenated and comes back actually better than when it first made its appearance among the library citizens.

If books in the home library are needing the expert services of a binder of books, the librarians will be very happy to display samples of the work to be obtained, and perhaps daughter's beloved books, or son's set of magazines may be preserved for an indefinite period of time, if only the books are given prompt and expert care.

Mrs. Jeanette Whitmer, accompanying friends, left today for Lake Tahoe where she will attend the session of the California Presbyterian Synod being held there this week.

LOOKOUT BUILDING VISITED BY MANY

Forestry Structure Serves Wide Area; 10 Fires Are Reported

Many people today realize that extensive efforts are being made to protect the adjacent forest area from fire. Official opening of the Red Hill lookout station Saturday was attended by many people. Guests inspected the distinctively-constructed building and were shown the instruments used in accurately locating fires.

Ten fires have been discovered this season by the lookout attendants. The lookout covers the forest area as well as all of the district within visibility. Of the 10 fires reported one was in the forest region, three were within the Upland city limits and six were in the unincorporated area. The following canyons are also covered: Cucamonga, San Antonio, Deer, Day, Etiwanda, Morse and San Sevaine.

The building itself cost $6,016.19 while most of the cost of the site was donated by the various water companies and the city of Upland.

Punch was served to visitors at the lookout and appreciation for the cooperation is expressed by the forestry officials to the Upland Lemon Growers association, Mountain View Citrus association and the Upland Heights Orange association. Dorothy and Jeanne Benson, daughters of Mr. and Mrs. Charles V. Benson and granddaughters of Fletcher H. Manker, served the punch.

Mr. Manker, of the federol forestry service, is in close touch with the lookout and its work while C. C. Tindell is the ranger on duty.

College Heights

COLLEGE HEIGHTS, July 20.—H. E. Passig of North Central is installing a hot air heating system to take place of orchard heaters in his lemon grove. This system was tried out with success at Glendora last year. When installation is completed ther will be a public demonstration.

Bob Davis, tenor singer, son of Mr. and Mrs. Paul Davis of West Foothill boulevard, who is studying under Mr. Nield of Hollywood, sings for the radio and can be heard on station KMPC Thursdays at 4 p. m. Mr. Davis was a former soloist at the Upland Presbyterian church.

Lyle Steepleton, son of Mrs. Otto Whittenberger, who drives a government truck hauling provisions from Van Nuys to Big Pines where the forest fire is raging on a 28 mile front, reported Monday it would be two weeks before the fire would be extinguished, and that new roads had to be made to reach the fire.

Visiting Mrs Otto Whittenberger recently was her daughter whom she had not seen in eight years, and son-in-law, Mr. and Mrs. Henry Ullom with their three children of Wichita, Kan.

Mrs. David Sexton with her twin sister, Mrs. Joe Robertson and young son Joey, left Saturday for Olympia, Wash., to visit the two sisters' parents, Mr. and Mrs. Morrow of that city. They expect to be away three weeks.

Miss Jean Pharaoh and her brother James left Friday for Gering, Nebr., where they will spend three or four weeks with their father's brother, Wm. Pharaoh, who has a dairy farm.

Mrs. Grace Hitt of Drake street will leave today for Colorado for an indefinite stay with friends. Her home will be occupied by relatives from Pomona during her absence.

Mr. and Mrs. Geo. Smallwood and son are visiting at the home of Mr. and Mrs. W. L. Wimberly. Mr. Smallwood sold his gas station in Los Angeles and being a decorator has taken up his former work and is busy in Pomona.

Mrs. Clarence Scott, with her small daughter, born at San Antonio Community hospital July 9, returned to their home here Sunday evening.

At the home of Mr. and Mrs. Chas. McGee Sunday were Mr. and Mrs. L. M. Russel and Mr. and Mrs. Lonnie Russel and son, all of Los Angeles.

Mr. and Mrs. Leo Anderson, Mrs. Matilda Carlson and Miss Ann arlson were Sunday visitors with Mr. and Mrs. T. J. Hebert. Mrs. arlson remained at the Hebert home.

Etiwanda

ETIWANDA, July 20—Geo. F. Johnston's crew of local men who have been working in the grape harvest in Coachella valley returned home the last of the week, having finished the shipment of grapes and will begin preparing for the local crop. Spencer Johnston, Will C. Pearson, Carlton Brownless and Leon Utman were members of the crew.

Five members of Boy Scout troop No. 1 of Etiwanda left Sunday for a week's stay at Camp Tulakes—David and Ralph Donnelly, Bill Pearson, Jim Pearson and Dale Frost. Mr. and Mrs. W. G. Pearson, Mr. and Mrs. W. C. Pearson and Mrs. J. R. Pearson motored to camp with them.

Mrs. Inez Haywood and daughter, Winifred, of Vermont arrived Saturday for a visit with Mr. and Mrs. W. A. McKee and family. They will also visit at the Judge Thomas Donnelly home.

Mr. and Mrs. H. L. Stevens and family are preparing to move to Rialto the first of the month. They will continue in business here, Mr. Stevens being in partnership with J. R. Pearson in the Foothill garage.

Mr. and Mrs. Arno Myers of San Bernardino visited here last Wednesday. Mr. Myers is principal of the Etiwanda grammar school.

Mrs. Lue B. Dooley, Mrs. Hazel Dooley and Mrs. Crumbaugh of Pomona, Mrs. Inez Haywood and daughter, Winifred, were Sunday dinner guests of Judge and Mrs. Thomas Donnelly and family.

Miss Kathelene Price of Los Angeles was a guest of home folks here Sunday.

Sharon Robertson of San Marino spent last week at the home of her grandparents, Mr. and Mrs. John Frost, who took her home Sunday.

Judge and Mrs. Thos. Donnelly, with children David and Dorothy, returned home Thursday after several days spent with Mrs. Donnelly's brother-in-law and sister, Prof. and Mrs. I. D. Taubeneck, at Fort Wingate, Ariz.

Mr. and Mrs. Jas. C. Thompson of Upland were dinner guests of A. A. Werner and family Sunday. They returned home Saturday from a week's visit at Yosemite, stopping in Berkeley to visit their daughter, Miss Dorothy, who is attending a summer session at the university.

Mrs. Constance Colombero is at the San Antonio Community hospital for medical attention.

Cucamonga-Alta Loma

Agent on Vacation

Harry M. Wright, Pacific Electric agent at Alta Loma, is enjoying his annual vacation, being relieved by Herbert C. Hall, agent at Etiwanda, who is conducting the business of both stations. Mr. and Mrs. Wright and family are making several trips, including one to San Francisco, and a short visit with Mr. Wright's parents in Long Beach. When Mr. Wright returns he will take over the duties of the two stations while Mr. Hall takes his vacation, with both being ready for full time work when the heavy shipping season gets under way. Notices are posted at each station giving the hours the agent will be there.

Barbara Titterington, daughter of Mr. and Mrs. J. C. Titterington of 1170 North Hellman avenue, Alta Loma, who has been ill for the past six weeks, is now convalescing and is able to be up again. Her elder sister, Jean, is spending several weeks with her grandmother, Mrs. W. B. Park in Los Angeles. She expects to remain in the city until the middle of August.

Bessie Beekman, 844 East Baseline, underwent a minor operation at the San Antonio Community hospital yesterday, her condition today being reported as satisfactory.

Exchange Leads in Playoff with Game Scheduled Tonight

With the Exchange Orange Products Co. nine winning Friday night, second game in the playoff series of the Ontario night ball league, will be played tonight at 8 o'clock. Exchange won 7 to 4.

The game was one of the best ever played on the "Y" lot and it was seen by a crowd that crowded into every available space. Ovitt, twirling for the victors, struck out nine batters, walked three and allowed only four hits.

Galloway, ace pitcher in the league, weakened a trifle to allow 12 hits but he fanned 14 Orange batters and issued only one walk. Hannah hit two homers and Kuhn hit a homer and a triple to lead the Exchange batting attack.

Harry Smith, Grid Star, on Mitt Card

Harry Smith, Chaffey high school grid star and captain of the U. S. C. frosh eleven last fall, is developing into a boxer as a side line. He will get his second main event in the Ontario American Legion arena Wednesday night, when "Bad Boy" Williams of Los Angeles is matched against him.

They are middleweight fighters and Smith is given the edge due to his terrific attack, whether it is on the gridiron or in the ring.

Mrs. B. A. Ruth and sons, Wayne and Bernard, who have been visiting for the past three weeks with Mrs. Ruth's sister, Mrs. Isabelle Wisely, and her mother, Mrs. Mary Wilson, at their home on Washington boulevard, will leave late this week for their home in Cutler.

IT'S NEVER TOO LATE TO LEARN THIS!

LOWEST BUICK PRICES EVER!

WHAT if July is here—there's still plenty of summer ahead, and plenty of thrills awaiting you as the driver of a Buick.

There's still time to make the break from cars that "will do" to a car that will do things to you.

And there's still time, talking plain dollars-and-sense, to get a big, modern-looking, quick-stepping Buick at the lowest prices in all Buick history.

That means you can buy the great-powered Buick SPECIAL—with a hundred spirited horsepower in its valve-in-head straight-eight engine—for less than you're asked for some sixes!

Why not learn now what it means to pilot a man-sized car. Get acquainted with Buick's nimble and satisfying action—its steady, thrifty, mile-eating gait. Dress your family in Buick beauty, in this great car's modern, up-to-the-minute style.

There's everything to gain—so take advantage of prices that were never lower on a car built to live up to Buick's name.

Stop yearning for something that's now in your reach—go take that demonstration. You'll never regret the buy you make now—if you buy Buick!
